Report of Activities

Martin Fankhauser *PhD Economics*

1. Identifying data

Surname and name: Fankhauser, Martin
PhD program: PhD in Economics and Finance
Curriculum / track: PhD in Economics and Finance / Economics Curriculum / 37th cycle
Year of first enrollment: 2021
Advisor: Massimiliano Marcellino
Co-advisor: Pamela Giustinelli
External dissertation reviewers: Francesca Molinari; Raffaella Giacomini

2. Training activities in Bocconi

2.1 Courses

First year (academic year 2021–2022)

Code	Course	Instructor	Grade
40094	Mathematics – Preparatory Course	Tonoli	attended
40312	Introduction to Mathematics	Fukuda	A
40313	Introduction to Probability	Fortini	A-
40270	Econometrics 1	Adda	A+
40271	Econometrics 2 (Microeconometrics)	Giustinelli	A+
40272	Econometrics 3	Marcellino	A
40051	Microeconomics 1	Di Tillio	A-
40053	Microeconomics 2	Battigalli	B+
40054	Microeconomics 3	Ottaviani-Vega Redondo	B
40212	Microeconomics 4	VP Moldovanu	A-
40045	Macroeconomics 1	VP Debortoli	B+
40023	Macroeconomics 2	Trigari	A
40024	Macroeconomics 3	Maffezzoli	B+
40213	Macroeconomics 4	Iovino	B

Second year (academic year 2022–2023)

Code	Course	Instructor	Grade
40275	Structural Econometrics	Adda / Goerlach	A- / 29
40404	Topics in Applied Econometrics	Shakhgildyan	A / 30
40257	Advanced Econometrics 2	Sala	A- / 28
40406	Advanced Econometrics 4	Corielli	A- / 28
40409	Advanced Microeconomics 1	Cerreia Vioglio	A / 30
40032	Introduction to Real Analysis I	Lavenant	B+ / 27
40972	Probability Theory II	Lijoi	A- / 29
40025	Bayesian Statistical Theory I	Lijoi / Zanella	A / 30
40998	Applied Multivariate Analysis	Piccarreta	B+ / 26
41006	Applied Survival Data Analysis	Bonetti	B+ / 26

2.2 Reading groups and seminars

- Development and Organizational Economics (Erika Deserrano) 2025/2026
- Development and Organizational Economics (Erika Deserrano) 2024/2025
- Economic Policy (Clement de Chaisemartin) 2024/2025
- Political Economics (Guido Tabellini) 2023/2024
- Macroeconomics (Basile Grassi) 2023/2024

3. Training activities outside Bocconi

3a. Seminars, conferences, workshops attended as auditor

- Methods in Time Series Econometrics Summer School, Bertinoro, 2023.
- Network Econometrics 2023, Università Ca' Foscari Venezia, 26 June – 30 June 2023.
- Inference in Macro Models: From Big Data to Structural VARs, Lancaster University, 29 April – 3 May 2024.
- PhD Minicourse on Subjective Expectations in Economics, Bocconi University, 14 June 2023.

3b. Periods at other Universities / Institutes

- **Northwestern University, Evanston** — Visiting PhD Student, September 2024 – December 2024.
  Main purpose: research visit; development of the job market paper and interaction with faculty and reading groups in econometrics and macroeconomics.

4. Research activities

4a. Research interests

My research lies in econometrics, partial identification, Bayesian macroeconometrics, and time-series methods. I am particularly interested in Bayesian and frequentist approaches to identification problems, robust inference in structural macroeconomic models, forecasting, and policy-relevant econometric methods. I have also worked on conformal prediction, quantile forecasting, and software implementation for forecast comparison and model selection.

4b. Conferences, seminars, and workshops attended as speaker

(Posters included.)

2026

- Milan PhD Workshop, Milan, 2026.
- 16th RCEA Bayesian Econometrics Workshop, Madrid, 2026.
- 7th Vienna Workshop on High-Dimensional Time Series in Macroeconomics and Finance (IAS), Vienna, 2026.
- Nordic Econometrics Meeting, Helsinki, 2026.
- ESIF Economics and AI+ML Meeting, Cornell University, June 2026.
- IAAE 2026, Lisbon, 2026.
- International Panel Data Conference, University of Exeter, July 2026.
- Munich Econometrics Workshop, Munich, 2026 (Poster).
- ESOBE, Rome, 2026 (oral session).
- EIEF Conference on Macroeconometrics and Time Series, Rome, 2026 (Poster).

2025

- Econometric Society European Winter Meeting, December 2025.
- Örebro Workshop on Macro- and Financial Econometrics, Örebro, November 2025.
- Sailing the Macro, Sicily, September 2025.
- Macro Lunch, Università Cattolica, Milan, September 2025.
- IAAE 2025, Turin, June 2025.
- PRIN Workshop, June 2025 (Poster).
- Junior Milan Time Series Workshop, March 2025 (Poster).

2024

- VTSS Virtual Workshop for Junior Researchers in Time Series, March 2024.

2023

- 3rd International Econometrics PhD Conference, Erasmus University Rotterdam, November 2023.

4c. Papers and scientific publications

Dissertation chapters

- **Robust Bayesian Inference under Qualitative Restrictions on Economic Statistics** (job market paper).
- **Sharp Identification for Regressions with Interval-Observed and Missing Covariates** (with Gil Jan Peled).
- **Power Prior for VARs** (with Massimiliano Marcellino and Tommaso Tornese).

Other research papers / projects

- **Model Confidence Set for Stata** (with Jakub Przewoski and Gabriele Nespoli).
- **Conformal Quantile Estimation in Economics**.

4d. Research Assistantship commissioned by Bocconi

- Research Assistant, Università Bocconi, January 2022 – June 2022.
  Project: Data analysis in health economics project
  Principal investigators: Prof. Jerome Adda and Prof. Thomas Le Barbanchon.
- Research Assistant, Università Bocconi, October 2025 – December 2025.
  Project: Using survey expectations to understand the no-anticipation condition in Differences-in-Differences (DID) settings
  Principal investigator: Prof. Pamela Giustinelli.

5. Teaching assistantship and teaching activities

- **Econometrics for Big Data** — MSc level; Teaching Assistant; academic year 2022–2023, first semester.
- **Econometrics 3** — PhD level; Teaching; academic year 2022–2023, second semester.
- **Econometrics for Big Data** — MSc level; Teaching Assistant; academic year 2023–2024, first semester.
- **Econometrics 2** — PhD level; Teaching; academic year 2023–2024, second semester.

- **Econometrics 3** — PhD level; Teaching; academic year 2023–2024, second semester.
- **Analisi Econometrica** — BSc level; Teaching Assistant; academic year 2024–2025, second semester.
- **Econometrics 2** — PhD level; Teaching; academic year 2024–2025, second semester.
- **Econometrics 3** — PhD level; Teaching; academic year 2024–2025, second semester.
- **Empirical Methods for Economics (Introduction to Econometrics)** — Teaching Assistant; academic year 2025–2026, first semester.
- **Econometrics for Big Data** — MSc level; Teaching Assistant; academic year 2025–2026, first semester.
- **Analisi Econometrica** — Teaching Assistant; academic year 2025–2026, second semester.
- **Econometrics 2** — PhD level; Teaching; academic year 2025–2026, second semester.
- **Econometrics 3** — PhD level; Teaching; academic year 2025–2026, second semester.

6. Awards and other relevant academic information

- EFaB (ISBA) Young Researcher Award / Junior Paper Award, 16th RCEA Bayesian Econometrics Workshop.
- Bocconi PhD Fellowship, since September 2021.
- Scholarship "Studienstiftung des deutschen Volkes", since April 2020.

7. Other professional research experience

- **European Stability Mechanism, Luxembourg** — External Consultant (part time), October 2025 – April 2026.
  Main activity: quantile forecasting and related empirical work.

Date: 13.07.2026

Signature: Martin Fankhauser
